Product Highlights

Responsible for precisely controlling the brewing process to extract the best flavors and aromas

Integrated Steamer for High Temperature and Rich Froth.

Quality begins with the first cup. Customise your preheating procedure with our professional program-controlled system.

16G Capacity Proprietary Brewing System

The large brewer is designed to contain up to 16g of grounds, with more consistent extraction to guarantee original flavours.

Efficient Pre-Brewing

Quality begins with the first cup. Customise your preheating procedure with our professional program-controlled system.

Ceramic Flat Burrs

500kg consistent ground output. Quiet work, uniform grind size. Upholds your coffee's original flavours by minimising oxidation.

Technical Features

Convenient Built-In Steamer for Effortless Frothing

Effortlessly steam milk for lattes and cappuccinos with precise controls for perfect froth every time.

Double Boiler & Grind Adjustment

Brew the perfect cup with a double boiler for steady heating and adjustable grind for customized flavor. Enjoy precise control with every brew.

Hassle-Free Maintenance with Automatic Cleaning

Keep your machine spotless effortlessly with automatic cleaning—no manual work needed!

Create Your Custom Drinks

Personalize your beverage with options like authentic tea, coffee, and more. Enjoy a drink tailored to your taste in every sip!

One-Click Use for Variety Serves

Enjoy instant convenience with our one-click system for hot milk, steam, and hot water. Perfect for lattes and tea, it allows you to achieve your desired temperature with just a touch!

RO Water Supply System

Easily connect your Reverse Osmosis (RO) system for clean, purified water. Enjoy efficient filtration and fresh, contaminant-free water with simple installation.

Product Specification

Daily Output Range 100 Cups

Technical Details	
Model	AT-103S
Beverages Options	16
Rated Voltage	AC 220-240 Volt
Power Rating	1300 Watt
Pump Pressure	19 bar
Steam Pressure	1 bar
Water Tank Capacity	3.5 L
Bean Box Capacity	1000 Gm
Waste Box Capacity	40 Pcs
Body	
Machine Weight	18.5 Kg
Machine Size	(D*W*H) 475*251*590 mm
Packing Size	(D*W*H) 575*335*710 mm
Screen	
Screen	10 "inch" TFT Android Colourful Screen
Display Method	Touch Button
