Product Highlights

Responsible for precisely controlling the brewing process to extract the best flavors and aromas

11.6 Inch large Screen Intelligent Control

A new Android system featuring a user-friendly interface with seamless operations and easily understandable settings.

3 Boiler Design

Each boiler is optimized for its specific function, ensuring precise temperature stability for brewing, steaming, and water dispensing. This eliminates flavor inconsistencies and guarantees high-quality beverages.

Advanced IOT System

Manage and control the coffee machine remotely via a mobile app or web dashboard. Adjust settings, monitor performance, and receive alerts from anywhere.

Ditting Brand Grinding Discs

Ditting grinding discs are made from wear-resistant, hardened steel, ensuring a long lifespan and consistent performance even under heavy-duty use.

Technical Features

Multi Grinding System

Equipped with separate grinding systems to handle different types of coffee beans or grind sizes simultaneously, without cross-contamination.

Self-Developed Brewer

Allows precise adjustments for temperature, pressure, and brewing time to suit different coffee blends and preferences.

One Click Milk Foam Stick

Offers the flexibility to adjust the foam thickness, from light and airy to dense and creamy, depending on your beverage needs (e.g., cappuccinos, lattes, or macchiatos).

Create Your Own Original Beverages

In addition to the default menu, you may customize your own recipes and create your original beverages.

Multiple Cleaning Modes

Allows users to choose between different cleaning levels (e.g., deep clean, quick rinse, or regular maintenance) based on the machine's usage and specific needs.

Independent Hot Water Rod

Allows users to adjust the water temperature according to specific needs, ensuring the perfect brewing conditions for different beverages.

Product Specification

Daily Output Range 300 Cups

Beverage	
Multiple Presets Drinks	
Espresso / Americano / Double Espresso / Iced Americano / Cappuccino / Latte / Black Coffee / Hot Water / Milk foam	
Technical Details	
Recommended Daily Output	300-350 cups
Brewer Capacity	8-24 g
Hot Water Output/h	90/110 (double cup)
Bean Storage Capacity(G)	2000/1000*2/1000*3
Waste Capacity	900g
Rated Voltage	220-240 V
Rated Frequency	50/60 Hz
Power Rating	3960W
Power Cord Length	1.8/1.6A Socket
Body	
Net Weight	47.5Kg
Dimensions	(D*W*H) 584*340*755mm
Material	Stainless Steel
Screen	
Screen	11.6"inch* Colourful Screen
The screen resolution	1440"x1024"
