Product Highlights

Responsible for precisely controlling the brewing process to extract the best flavors and aromas

Dual Boilers & Pumps

Enables simultaneous brewing of coffee and milk, ensuring faster service.

10.1-inch Touchscreen

Intuitive interface for easy operation, allowing for quick adjustments and personalized settings.

High Output Capacity

Designed to serve up to 100 cups daily, perfect for busy commercial environments.

Automatic Cleaning

Features multiple automatic rinsing cycles for convenient maintenance.

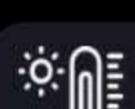

Technical Features

Removable Coffee Brewer

For easy cleaning and maintenance, ensuring hygiene and long-term durability.

Dual Boilers

Allows precise temperature control for both coffee brewing and milk frothing, ensuring optimal taste and texture.

Fresh Milk Foam System

Provides rich, creamy milk froth for a variety of coffee drinks.

Create Your Own Original Beverages

In addition to the default menu, you may customize your own recipes and create your original beverages.

Energy Efficiency

Smart power management helps reduce energy consumption during idle times.

Flexible Connectivity

Offers integration with mobile apps and remote monitoring through Wi-Fi or 4G, ideal for businesses needing real-time management.
